

Club Service - Membership

Pat Bofird, Director

Club Service-Membership Committees of the Rotary Club of Santa Monica are dedicated to growing the membership while maintaining the high quality and spirit that have characterized the club. They are confident that the overall objective of having club members cultivating at least one prospective new member is achievable and they will make every effort to meet their responsibility in making this year one in which the challenges presented by these objectives are met or exceeded.

A. CLASSIFICATION – Joe Fitzsimons, Monte Herring

Objectives

- 1 In accordance with the relaxation of the District and Rotary International rules and guidelines on classification, the Committee will not impose arbitrary percentage limitation. However, it is an objective of the Committee to prevent any unreasonable imbalance in the overall composition of the members of the Rotary Club of Santa Monica by having a well-balanced membership that is representative of our business and professional community.
- 2 To continue to review the Club's classification categories to achieve a descriptive yet simplified system of classification.

B. RECRUITING - Tom Loo, Mitchel Kraus, Karim Jaude

Objectives

- 1 To raise the consciousness of the Club of the importance of constantly seeking qualified new members to invigorate the Club with new ideas and energy. This has principally been accomplished by a series of meetings with existing member-sponsors where ideas are shared as to the identification of new prospects and introduction of the Club and its objectives to these prospects, and how best to communicate Club information to these prospects. After qualified prospects become members, the Committee facilitates their introduction to and integration with existing members, especially developing and maintaining the New Members Section of the Club's website.
