

GSE

Group Study Exchange

(a Rotary Foundation program for the international exchange of young business professionals)

Do you know someone who could benefit from a one-month trip to Parana, Brazil as a cultural and business ambassador for Rotary and the United States?

Rotary District 5280 is looking for four young business professionals between the ages of 25 and 40, and a Rotarian team leader, to participate in an exchange of GSE teams with Parana, Brazil.

Participants cannot be directly related to a Rotarian. This is an all expense paid trip funded by District 5280.

The team departs on April 17, 2004 for Brazil and returns on May 16, 2004.

Further information and applications are available at www.rotary.org/foundation/educational/gse contact David Bohn at 310.393.9688 or DavidB@Bradmore.com for more information and delivery of an application.

This is an incredible lifetime opportunity for anyone eligible.

The GSE team from Brazil will be visiting us at the same time, and The Rotary Club of Santa Monica will be hosting them for the week of May 2nd through May 9th.

We need Rotarians in our club to host these people in their homes for the week. We also need Rotarians to share vocational experiences with them at their work.

There's lots of work to be done on this committee — come and join the experience.
